WHAT DOGS LIKE PRINTABLE RESOURCE

Dog Gear Measurement Kit

Write down measurements before comparing dog beds, crates, collars, and harnesses. Use inches only, then compare each result with current brand size charts.

Dog name: _____ Date: _____ Measured by: _____

Dog bed worksheet

Relaxed length	Relaxed width
Sleep style	Room location

- [ ] Compare usable sleep area, not only outside dimensions.
- [ ] Check bolster interiors if your dog sprawls.

Dog crate worksheet

Body length	Standing height
Bedding thickness	Room location

- [ ] Compare internal dimensions before buying.
- [ ] Check divider, tray, door swing, and latches.

Dog collar worksheet

Neck measurement	Coat thickness
Dog size	Collar role

- [ ] Leave adjustment room in both directions.
- [ ] Match hardware weight to dog size.

Dog harness worksheet

Chest girth	Walking need
Clip preference	Fit risk notes

- [ ] Check shoulder movement and armpit clearance.
- [ ] Inspect fit after the first short walk.

> Calculator results are recommended starting ranges, not universal sizes. Always check the brand size chart, current listing dimensions, return policy, and fit after use.
