Puppy supplies checklist

Measure first, then decide what can wait.

02 Measurements and setup notes

Neck measurement + unit / collar adjustment range

Chest girth + unit / harness size chart checked

Standing height + body length / usable crate dimensions

Relaxed sleep length + width / usable bed dimensions

03 Optional purchases to revisit

Record the problem a purchase would solve. Extra outfits, duplicate beds, bulk toys and specialist gear can wait until you know what fits your puppy and routine.
